

International Women and Children's Burn Foundation
PO Box 8361
Virginia Beach, Virginia 23451

July 2, 2013

To: Ministerio de la Presidencia
Lic. Cristina Choque Espinoza
Jefe de la Unidad de apoyo a la gestion social

Attention: Dra. Wilma Lopez de Benavides
President of Fundacion pro centro del Quemado

The International Women and Children's Burn Foundation would like to declare 6 pallets of donated garment and splinting material to our international partner; the fundacion pro entro del quemado. These donated medical supplies are specifically for the burn rehabilitation program.

The 6 pallets weigh a combined 3,000 pounds and is donated free of charge from the International and Children's Burn Foundation, a recognized 501 C-3 organization in the United States. The approximate "in-kind" value of each pallet is approximately 5000 dollars or a total value of 30,000 US dollars.

As this is a transfer of supplies, free of charge to our international not for profit partner, I would like to recognize and commend the government of Bolivia for waiving any import tax that might be levied on this donation. These goods go to the care of indigent burn children in your country and the care is often free of charge.

Thank you for your consideration and benevolence in supporting this cause.

With warm personal regards,

Richard Sieller, PT, CHT
Founder and President
International Women and Children's Burn Foundation (501 C-3)
Tax ID: 26-3212835

Gladys Corvera-Baker
