

Subject: Request for Sponsorship: Supporting Pediatric Burn Victims in Pakistan

Dear sir and Your Team,

I hope this message finds you well.

I am writing on behalf of the Craniofacial Cleft Welfare Association (CCWA), an NGO dedicated to providing support and care for individuals with craniofacial clefts, with a special focus on pediatric burn patients. Since our inception, our mission has been to improve the lives of those affected by craniofacial anomalies, and in the last three years, we have expanded our scope to include the management and rehabilitation of burn victims.

In 2021-2022, our organization successfully facilitated over 200 cases of reconstructive surgeries for burn victims, primarily focusing on pediatric patients. Pakistan faces a dire situation, with approximately 300,000 cases of burn injuries reported annually. Despite this, the country has only four fully functional adult burn units in the public sector, and there is a lack of private burn centers catering to the needs of these vulnerable patients.

We are reaching out to your organization with the hope of forming a partnership to support our ongoing efforts in providing specialized care, medical treatments, and reconstructive surgeries for pediatric burn victims. Your expertise and support would be invaluable to our mission, and together, we can make a meaningful impact on the lives of those who need it most.

We would greatly appreciate the opportunity to discuss potential sponsorship and collaboration to enhance burn management and care in Pakistan, particularly for children who suffer the most from such traumatic injuries.

Thank you for considering our request. We look forward to the possibility of working together to bring relief and hope to countless children affected by burns.

Feel free to contact me for queries

Warm regards,

Waseem Humayoun, General Secretary
